

# Parks and Recreation

Huber Heights is definitely a great place to live, work and play. Whether it is the 1,000+ acres of active and passive parkland or one of the numerous recreational programs, the city strives to provide leisure opportunities for anyone who

lives or visits the community. The City of Huber Heights and Five Rivers Metro Parks both offer programs for our community. For more information visit [www.metroparks.org](http://www.metroparks.org) or [www.hhuber.org](http://www.hhuber.org).

# HUBER HEIGHTS

The Community of Huber Heights is emerging as the northern city that offers it all. Our location makes us the "Hub" of the region. We are minutes away from the newly designed I-70/75 interchange, the Greater Dayton Airport as well as the Wright-Patterson Air Force Base (WPAFB). Huber Heights is the community that offers Ohio's business and residential community an outstanding quality of life including beautiful parks, a progressive school system and high levels of services provided by the City. For example, the City of Huber Heights, in partnership with United Water, operates the city-owned Division of Water and Wastewater. Many manufacturing companies find this to be an asset when it comes to operating their businesses.

The Huber Heights Chamber of Commerce has a positive working relationship with the City of Huber Heights. Working together we continue to promote, support and assist area businesses through retention and expansion efforts. Because of our location, our local businesses draw from hardworking residents of Huber Heights and the entire Miami Valley Region. The Chamber promotes advancement of free enterprise system and is a vital resource for our growing business community.

We are fortunate to have the Wright-Patterson Air Force Base as our neighbor. They are the nation's #1 military high-tech R&D and procurement hub AND Ohio's largest single employer. High-tech manufacturing and distribution continue to be prominent in our local economy. Our Region's primary industries include: Advanced Tooling and Machining, Aviation/Aerospace, Distribution, Research and Development, Composites, High-Tech Plastics and Medical Technology.

Our community offers homes for all lifestyles as well as great amenities to make your life easier. Multiple eating establishments and shopping destinations that include: Grocery, Department, Pet and Home Improvement Stores. Our outdoor recreation includes Carriage Hill Metro Park, a Community Splash Pad and 13 parks with walking, running, hiking and bicycle paths for every age group. The Huber Heights YMCA which offers summer day camps, child care, aquatics and sports programs for youth and adults is an added recreational alternative for our active community.

The citizens of Huber Heights believe in a high quality education. In the fall of 2008, our community voted for a bond to build seven new schools. The five elementary schools are scheduled to open fall of 2011, followed by the junior high building and finally the new high school. The community has taken an active role in all aspects of the construction project. From the very beginning, parents and community representatives (Huber Heights Chamber of Commerce) were involved in the design and implementation of the master plan which includes state-of-the-art security and environmentally friendly buildings (GREEN). Our community has made it a priority to provide our students with the tools needed for academic excellence. Huber Heights City Schools is also a partner in The Dayton Regional STEM School. WPAFB and The Air Force Research Laboratory resources provide a vital role in the continued growth and real world educational experience our students need to succeed. Once again, because of our location, Huber Heights has an advantage over other communities in Ohio that are looking for an added educational resource like WPAFB.

Huber Heights is the Region's best kept secret! We are proud of our Midwestern values and strong work ethic. We invite you to take a closer look at our community and see why Huber Heights is a great place to live, work and play!
